Like the intertwining roots of a live oak, a father's passion for wine combined with his son's love of agriculture. The Hope Farm came to life.

The Hope Farm was created with a mission to not only enhance our personal enjoyment of wine and sustainable agriculture, but yours as well. Through thoughtful research and sourcing, we have been provided the ability to transport you to various parts of the world by the means of a glass. Each and every bottle represented here has a unique story to tell. These stories vary from a quirky biodynamic winemaker's obscure methods to a peculiar pet who left a lasting impact. So please sit back, let us grab you a glass, and lend an ear to what is beneath the cork.

The Hope Farm Favorites

SPARKLING

Famille Mousse "Hommage a Cuisles" Extra Brut *Vallee de la Marne* 2020 295

"A grower since 1750, Champagne Famille Moussé sits in the village of Cuisles, in a valley perpendicular to the Marne river. This village is know for a unique terroir in Champagne: a thick band of green clay that sits under sand and various other soil types. This special clay, known as "Illite" and is used in cosmetics, gives the Meunier at this benchmark domaine an almost Chardonnay-like quality, with a lift and texture not often seen with this variety. This special club bottling was created as an hommage to the 100 year anniversary of the domaine. "

WHITE

Andrew Will "Cuvee Lucia" *Yakima Valley, Washington* 2023 60

"A sensational effort, the 2019 'Cuvee Lucia' is one of the great white Bordeaux style made wines in Washington. – Owen Bargreen"

RED

Left Coast "Syrah Noir" *Syrah/Viognier Williamette Valley, Oregon* 2019 110

"At the top of our Right Bank vineyard is a one acre "hot spot" where we have planted cool climate Noir clone Syrah. A favorite of owner Suzanne, and this extremely limited production Syrah is one of her personal favorites."

denotes an organic, biodynamic, sustainable, and/or natural wine

SPARKLING

"I drink it when I'm happy and when I'm sad. Sometimes I drink it when I'm alone. When I have company I consider it obligatory. I trifle with it if I'm not hungry and drink it when I am.

Otherwise, I never touch it—unless I'm thirsty."

—LILY BOLLINGER

PINK + ORANGE WINES

"Amphictyon, a Greek God that some traditions note as having been born from the earth, created pale wines of rosé color by simply mixing red wine with water. This less potent beverage helped minimize quarreling during meetings of his councilors who often leaned too heavily on wine for confidence.

In ancient Greece, white and red grapes were harvested together and pressed quickly to allow fermentation to begin. The impatience for drinkable wine usually outweighed the desire to explore higher quality winemaking. As a result, almost all wine was a natural light pink color.

Rosé remained the beverage of choice for centuries."
